### INTRODUCTION

Disasters, emergencies and other traumatic incidents can undermine the ability of the Gallipoli Barracks Community Centre to achieve its purposes.

### PURPOSE

The purpose of this policy is to ensure that the Gallipoli Barracks Community Centre is prepared to respond and recover from disasters, emergencies and other traumatic incidents.

### POLICY

In the event of a disaster, emergency or other traumatic incident, the Gallipoli Barracks Community Centre will primarily act to ensure the safety and security of the Committee, the employees, and the patrons of the Centre.

Secondary to personal safety is the protection of assets, reputation and functioning of the Gallipoli Barracks Community Centre.

Should a crisis occur during the operational hours of the Centre, any member of the Gallipoli Barracks Community Centre Committee, or any employee of the centre has the delegation to make decisions in order to protect the personal safety and security of themselves and patrons of the Centre.

If a crisis occurs outside the operational hours of the Centre the Committee will make the decision about continuing operations, taking into consideration the ongoing safety of employees and patrons. As soon as it is practical and safe to do so, the Gallipoli Barracks Community Centre should resume operations in order to meet the needs of the community.
